

Looking towards a bright future in Hidradenitis Suppurativa

Thursday, 8 February 2024
12:45–13:45 CET

IN THIS SESSION, WE WILL:

- Discuss emerging therapies targeting key drivers in HS pathogenesis
- Provide insights on HS management and aspirations regarding treatment goals
- Explore raising the standard of care in HS through precision medicine

Chair:

Assoc. Prof. Hessel van der Zee
Erasmus MC,
Rotterdam, The Netherlands

Assoc. Prof. Antonio Martorell
Hospital of Manises,
Valencia, Spain

Assoc. Prof. Mariano Suppa
Université Libre de Bruxelles,
Brussels, Belgium
